5 Grade 7s, 2 Grade 8s and 2 Grade 9s - including grade 9 in Computer Science and English Language and grade 8 in Mathematics.

Relevant Experience

Queen Mary Computer Science Society

June 2026 - Present

Social Media Manager

Manage social media platforms by creating promotional content, coordinate committee updates to increase student engagement, and respond to student enquiries while shaping marketing strategy.

British Airways - London Heathrow, UK

April 2026

Business Spring Week

During this 3-day placement, I gained insights into BA's strategic and operational challenges from speakers across the business. Working in a team of 5, we delivered a presentation to a panel of BA judges on enhancing the app experience via a 'digital assistant' featuring baggage tracking, delay assistance, and meal pre-ordering, while aiming to reduce frontline staff stress during disruptions. This experience developed my teamwork, analytical thinking, active listening, accountability, public speaking, and confidence.

Moorland View Care Home - Remote

April 2020 - December 2023

Website, Systems and Social Media Editor (ad-hoc/freelance)

Managed and updated a family business website, ensuring vital information was communicated during the Covid-19 pandemic. Maintained system operations through technical support, designed social media marketing campaigns using Canva, and handled customer engagement. Fostered key remote teamwork and digital communication skills. Responsible for digital transformation and coordinating appropriate training and information material.

Extra Curricular

Nationwide Building Society Hackathon

October 2025

I worked in a team of 6 people, working together on a project, during a period of 2 hours, which promoted accessibility and tackled the digital divide in financial literacy and fraud prevention. I learnt vital presentation and public speaking skills, as we presented our idea to a panel, along with teamwork and task designation & decomposition.

Forage Digital Work Experience

2024 and 2025

Cybersecurity Job Simulation - Mastercard

Digital Business Services - HSBC

German Language Course - Biberach an der Riß, Germany

July 2024

I underwent a "one-way" exchange trip to Germany where I spent a week engaging in a daily language class of 4 hours, along with cultural activities in the afternoons and evenings each day. As well as particularly enhancing my spoken skills, it also allowed me to immerse myself in the culture and learn about local customs and traditions by living with my host family.

Documentation & Skills

Proficient in Microsoft Office and Google Workspace - having had experience as an organisation admin in Google Workspace.

Good at communicating and working in a team, with effective presentational and organisation skills established through experience.

Full UK Driving License, British and Bulgarian Passport Holder. I hold an enhanced DBS clearance certificate for working with children dated June 2026.
